ANNOUNCEMENT

9th April 2008

Appointment of new Technical Director

The Board of CSM Energy Limited is pleased to announce the appointment of Mr Les Lunarzewski as CSM Energy's new Technical Director.

LES LUNARZEWSKI – Technical Director

Les has over 35 years international experience in the coal mine gas management, recovery and utilization field. Les has a Masters Degree and a PhD in Mining. Previous roles include successfully conducting and supervising seam gas related projects in Poland, Australia, United States, Czech Republic, Romania, Japan, Mexico, China etc. Les was also a Gas Drainage Manager, Project Supervisor, Superintendent and Mines Inspector for 20 gassy coal mines in Poland.

Since 1981, Les has undertaken gas related research and activities in Australia. In 1989 Les established a specialist consulting company "Lunagas Pty Limited", to provide gassy coal mines with professional advice and services related to gas resources assessment, gas emission rate prediction, technical audits of coal mine gas exploration and completion, coal mines gas management and gas drainage technology design. Les will be responsible for providing professional technical advice and services relating to coal mine gas resources assessment, gas management, recovery and utilization.

Commenting on the appointment, the Managing Director, Mr Duncan van der Merwe said "Les Lunarzewski brings considerable technical experience relating to coal mine gas resource assessment, gas management, recovery and utilization and will reinforce the strength of the management team".
